

NuVo Introduces the Music Port Server.

With the new Music Port Server, NuVo offers **the ultimate in variety and convenience for whole home audio.**

SIRIUS **((XM))** **PANDORA** **radiotime** **Windows Media Player & iTunes**

The Music Port Server means more choice and more control. Consolidating networked computers' digital audio content from iTunes and Windows Media Player into a single, easily navigated library, the NV-MPS4 provides superior access to a home's music collection. Additionally, the Music Port Server opens a system up to streaming audio from online sources such as Pandora, RadioTime, Sirius and XM Internet Radio. Operation is simple through any of NuVo's control options, including a sleek client software interface. And when coupled with NuVo's Color Touch Pad, control reaches new heights with full-color album art and the ability to rate songs and build custom channels for a music experience as unique as the listener.

- 4 Simultaneous outputs
- Internet Radio featuring Pandora, RadioTime, SIRIUS* and XM*online (*subscription required)
- Music Port Client for control from any network-connected computer or compatible touch screen
- 320 GB hard drive
- Auto synchronization tool for music on the network
- RS232 pass through
